eco Bluetooth Speaker

SURVIVOR® with Integrated Battery Pack

⚠ WARNING: RISK OF FIRE AND SHOCK

RISK OF FIRE

- AVOID PLACING THE SPEAKER IN DIRECT SUNLIGHT, NEAR A HEATER OR OTHER LOCATIONS OF EXTREME TEMPERATURES.
- DO NOT CONTINUE USING OR ATTEMPT TO CHARGE THE SPEAKER IF IT HAS BEEN PUNCTURED, CRUSHED, DEFORMED, DAMAGED OR IF IT EXHIBITS ANY ABNORMAL CHARACTERISTICS SUCH AS EXCESSIVE HEATING, SWELLING OR IF IT EMITS AN ODOR.
- USE ONLY IN DRY LOCATIONS. NEVER IMMERSE THE UNIT IN LIQUIDS.
- DO NOT OPERATE THE SPEAKER NEAR FLAMMABLE MATERIALS, FUMES OR GASES.
- USE ONLY A USB POWER SUPPLY WITH A 5.0V OUTPUT OR COMPUTER USB PORT TO CHARGE THE SPEAKER.
- DO NOT OPEN THE SPEAKER. THERE ARE NO USER-SERVICABLE PARTS.
- TO AVOID AN EXPLOSION OR EXPOSURE TO TOXIC FUMES, DO NOT DISPOSE OF THE SPEAKER IN A FIRE.
- USE A MILD SOAP AND WATER SHOULD THE BATTERY CONTENTS COME INTO CONTACT WITH THE SKIN.
- RINSE EYES WITH CLEAN RUNNING WATER SHOULD THE BATTERY CONTENTS COME INTO CONTACT WITH THE EYES AND SEEK MEDICAL ATTENTION.
- KEEP AWAY FROM CHILDREN. THE SPEAKER IS NOT A TOY.
- DO NOT DROP THE SPEAKER.

Thank you for purchasing your new EcoSurvivor Bluetooth Speaker with Integrated Battery Pack. Its convenience and practicality make it ideal for travel. Thanks to its powerful battery, the system delivers full stereo sound, separated from any main supply, for up to 6-8 hours. No matter where you are or where you are going, take this speaker/battery pack on the go.

Package contents:

- Bluetooth Speaker with Integrated Battery Pack
- 2ft Micro USB Charging Cable
- User Manual
- EcoSurvivor Pamphlet

Bluetooth Connection:

Turn the speaker on by pressing the power button for five seconds. When the blue LED flashes, the EcoSurvivor Bluetooth Speaker is in pair mode.

Connect to mobile phones/tablet PCs/computers:

1. Activate your phone's Bluetooth
2. Go to your phone's Bluetooth settings, scan for new Bluetooth devices
3. Upon device found (EcoSpeaker), click the device name and pair with it
4. After successful pairing, your speaker will sound a prompt tone and the blue LED light will stay lit.

NOTE: Pairing time is varied with different mobile phones. It only needs to pair the first time and it will auto connect the devices which have been already paired before (speaker will only remember the last 8 paired devices).

Bluetooth Connection:

Short Press  to answer calls and to utilize the internal microphone. Short press  to end the call and back to play status. Long press  to reject the incoming call. Long press  to dial back the last dialed call, but it will be invalid if there is no phone conversation.

AUX input mode:

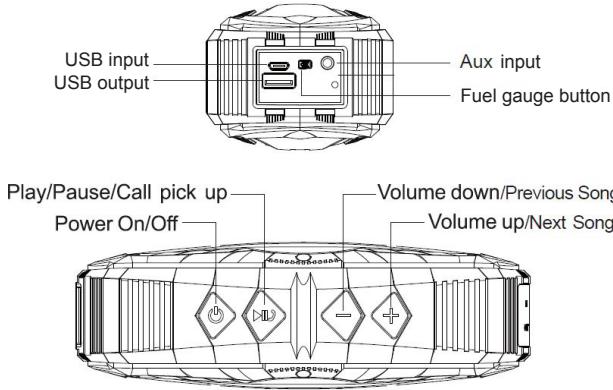

The speaker also features one AUX audio input port. Simply connect the speaker to your device with the 3.5mm jack audio cable. The green LED will be on indicating you can play music via wired connection.

Low power indication:

Speaker will indicate if battery is low (battery level 10%). The speaker will need to be recharged at this point.

Charging and computer connection :

Connect the micro USB charging cable to a computer or USB charger. The red LED indicator will show the charging status. Red LED will turn off once charging is complete. (5-6 hours for charging)

Electrical Specifications:

- Bluetooth compatibility: It conforms to Bluetooth 4.1 Class II and supports A2DP V1.2, AVRCP V1.4 profiles agreement.
- Transmission distance: Up to 10 m
- Sound track: Dual track
- Maximum output: 3W×2
- Signal to noise ratio S / N: ≥ 80dB
- Frequency range: 160Hz-20KHz
- Distortion THD: ≤ 1%
- Speaker unit: Outer diameter 40mm, inner magnet, 4Ω, 5W

Parameters of power:

- Rated voltage: 3.7V DC
- Battery: Built-in lithium battery, 3.7V/4400mA
- Charging Voltage/Current: 5V ± 0.25V / 1.5A ·Output : 5V . 1A
- Charging time: 6 ± 0.5 hours

Function	Operation
Answer a call	During an incoming call, short press  key to answer the phone, short press again to hang up phone and continue playing music
End or refuse a call	Short press  key to end the call or long press  to refuse the call
Power ON/OFF	Long press  to power on/off
Volume + or -	Short press volume +/- to adjust sound level
Next/previous sound	Long press +/- to skip or return
Fuel gauge indicator	Press the button next to the aux input jack to display remaining battery life. The four red LEDs on front of the speaker will illuminate. Each LED represents approximately 25% of battery capacity.

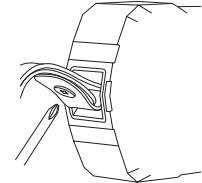

NOTE: When using Bluetooth feature and an aux cable is inserted, the speaker will switch automatically to aux input.

LED status:

1. Bluetooth status: blue LED will flash for pairing mode. Blue LED will remain on while connected.
2. Aux input mode: green LED will remain on while connected.
3. Charging status: red LED will flash during charging. All four LEDs will remain on when charging is complete.

Removable Strap:

Attach or hang strap can be used to securely attach or hang the speaker. To open the strap use a #2 Phillips-Head screwdriver to remove the Phillips-Head screw.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device is measured RF output power is less than the SAR exclusion threshold value for human head and body. Therefore, SAR test is not necessary.
